

## Accepted Level 2 Qualifications

In order to study for the Degree Apprenticeship in Professional Policing Practice you will need to have achieved, and be able to evidence, a Level 2 qualification in English and Maths.

Please note this is an apprenticeship requirement not just that of Dorset and Devon and Cornwall Police or The University of South Wales (our learning provider) . The Apprenticeship Certificates England (ACE) is the governing body for apprenticeship completion certificates and has a clear set of acceptable equivalents for GCSE qualifications. The evidence of these qualifications needs to be in the form of the original examining body or certified statement of results from the examining body if the certificate is not available. School or college produced statement, and provisional results, are not acceptable.

UCAS points guidance

Please be aware that you cannot 'double count' qualifications in the same subject. If you have studied both an AS Level and A Level in a subject only the A Level will provide you with UCAS points.

This also applies to other Level 3 qualifications in the same subject with only the highest qualification providing points.

Use the following to calculate how your AS and A Level grades are converted into UCAS points:

Please note the eligibility for A Level 3 qualifications must equate to 64 UCAS points (or a full level 4 or 5 qualification)

UCAS A and AS level points guidance

Please note that we only count the Tariff points of an AS qualification if you have not completed an A level in the same subject.
